Full Stack Web Developer with 1+ years of experience in building scalable web applications using modern development stack. I have experience in teaching programming to college students. Worked for various clients over the years on freelance projects to help them to achieve their business goals.

EXPERIENCE

Enrage Tech, Jalandhar, India

- *Front End Developer*

Jun 2017 - May 2018

I was responsible for implementing visual elements that were visible from the computer users vantage point within various web applications. I combined the art of design with the science of programming. Rest of my tasks included:

- Develop new user-facing features
- Build reusable code and libraries for future use
- Ensure the technical feasibility of UI/UX designs
- Optimize application for maximum speed and scalability
- Assure that all user input is validated before submitting to back-end
- Collaborate with other team members and stakeholders
